

**TA #18-08**

Amend Article 14, Sections 14.2.1(a) *Traffic Impact Analysis, General Applicability* to raise TIA thresholds.

**PART 1: DESCRIPTION**

Text Amendment, TA #18-08, is a request by the Town of Huntersville to amend Section 14.2.1(a) *Traffic Impact Analysis, General Applicability* of the Zoning Ordinance to raise the threshold to require a Traffic Impact Analysis (TIA).

**PART 2: BACKGROUND**

Town staff proposes to modify the threshold to require a Transportation Impact Analysis (TIA) from 50 peak hour/500 daily trips to 100 peak hour/1000 daily trips to reduce the developer's need to provide TIA scoping for projects that due to their trip distribution, the impacted intersections typically do not meet the thresholds set forth in Article 14.3 of the Zoning Ordinance for study. Additionally, Staff reviewed several other municipalities in this part of the state (see Attachment C) and found the 100 peak hour trip threshold is more in-line with their criteria. It is also important to note the provision in Article 14.2.1.d., which allows the Town Engineer to require the scoping where intersection impacts are anticipated, regardless of threshold number.

**PART 3: RELEVANT HUNTERSVILLE 2030 COMMUNITY PLAN AND APPLICABLE LONG RANGE PLAN SECTIONS**

**ED-14.1 Development Review Process:** Support efforts to improve efficiency and responsiveness of development review process for development proposals.

**PART 4: STAFF RECOMMENDATION**

The proposal to amend Article 14.2.1(a) of the Zoning Ordinance to raise the threshold to require a TIA is supported by staff for the reasons outlined in Part 2, above.

**PART 5: HUNTERSVILLE ORDINANCES ADVISORY BOARD**

On September 6, 2018, the Huntersville Ordinance Advisory Board recommended to increase the threshold to require a TIA from 100 hourly trips and 1000 daily trips, per Staff recommendation, by 5-1 vote.

**PART 6: PUBLIC HEARING**

The Public Hearing is scheduled for December 17, 2018.
