

Administrative review and approval is required for minor subdivisions which are defined as:

Major Subdivision: A subdivision that is not otherwise exempt from the provisions of this ordinance that includes any of the following:

1. The creation of any new public street or street right-of-way, or improvements to an existing street.
2. A future public school, park, greenway, or open space site shown in any adopted plan or policy document.
3. The extension of any needed right-of-way or easement for the water or sewer system operated by Charlotte-Mecklenburg Utility Department.
4. The installation of drainage improvements through one or more lots to serve one or more other lots.
5. The installation of a private waste water treatment plant or a private water supply system for more than one lot or building site.

Step 1 Submittal through EPM

Mecklenburg County and the Town of Huntersville use **Electronic Plan Management (EPM)** to route and review plans. Please go to <https://epm.mecklenburgcountync.gov> to upload all documents.

On the EPM Land Development Application select “Record Plat.”

The Town and Mecklenburg County LUESA use Electronic Plan Management (EPM) to route and review plans. Please go to <https://epm.mecklenburgcountync.gov> to upload all documents. The following are required for Town of Huntersville Review:

- EPM Land Development Application
- Town and County Fees (As Applicable)
- Town of Huntersville General Application
- Major Subdivision Plat

Submit PDFs only to the EPM System. To ensure your submittal contains criteria needed for an exempt subdivision, it is helpful to review the *Town of Huntersville Minor Subdivision Plat Checklist*. If the submittal does not contain all required documents, or if fees are not received within 48 hours of submittal, intake will be rejected.

Step 3 EPM Routes Plans to Reviewing Agencies

Plans will be routed to Town staff and reviewing agencies (if applicable). Town of Huntersville staff has 14 calendar days to review and comment on the submittal. Using the EPM system an applicant can check the status of their application. Once a reviewer (or any of the reviewing agencies) finishes their review, redlines are available to download from the EPM system. After the applicant has received redline comments from all review agencies the applicant may resubmit through the EPM system.

Step 4 Submit Mylar for Signature

Once the plat is approved, the applicant shall submit a Mylar map for signatures. Signatures shall be obtained from the Owner and the North Carolina Department of Transportation (if applicable) prior to submission to Huntersville for Review Officer and Town Planner signatures.

Step 5 Recordation

The mylar must then be recorded at the Mecklenburg County Register of Deeds office (704-336-2443).

Step 6 Return Recorded Plat to Planning Department

Return an electronic copy (PDF) of the recorded plat to the Huntersville Planning Department. This step is necessary for building permit issuance, and failure to do so will delay the permitting process.

Final Plat Major Subdivision **Review Process**
